Meet the Manager

Hi, I'm Raj and I'd love to welcome you to Station Road in Wheathampstead.

I've been the manager since January 2023, however I've worked here for 10 years and am proud to lead such a diverse and hardworking team who are really experienced in supporting people with learning disabilities, dementia, dysphagias, epilepsy, autism, end of life care, first aid and manual handling.

Most importantly, we spend time getting to know each person and build relationships; particularly important for those who don't use words to communicate, to provide the best day to day care and support. We take great pride in supporting people to live the lives they want, in a way that makes sense to them.

“People's relatives told us they were happy with the staff that provided people's care. A relative told us, "I can't fault the team, since [person] have lived there they have been very well cared for."
